

Under the aegis of La Fondation de France

LA ROCHE-POSAY FOUNDATION

La Roche-Posay Foundation: Committed to supporting young researchers

Are you a dermatologist, born after January 1973, working in the field of dermatological research? Do your studies contribute to a better understanding and improved treatment of dermatological conditions, thus enhancing the quality of life of countless patients? If so, we invite you to submit your project to the Scientific Committee of the La Roche-Posay Foundation.

During the 22nd European Academy of Dermato Venereology in Istanbul, October 2013, the Scientific Committee, chaired by Professor Gelmetti (Italy), and in collaboration with Professors Deleuran (Denmark), De Raeve (Belgium), Bataille (United Kingdom), Grimalt (Spain), Bieber, Haneke and Luger (Germany), Placek (Poland), Taieb and Vabres (France), will evaluate all submitted files.

A Research Grant of 20 000 €:

will be awarded to a research project in biological, pharmacological or clinical dermatology. To be considered, submit 4 copies of your application file in English, including:

- a detailed presentation of the project
- a summary of the project
- a financial plan
- an affidavit stating that the project has not received another grant
- a presentation of the medical team involved and
- your CV, including a list of your publications.

Two Publication Prizes of 4 000 €:

will be awarded to a research study paper in biological, pharmacological or clinical dermatology, approved for publication or published between April 2011 and April 2013.

To be considered, submit 4 copies of your application file in English, including:

- the full article, with references of publishing journal
- an affidavit stating that the publication has never received an award (articles that have previously received awards will not be accepted) and
- your CV, including a list of your publications.

Applications are limited to **one per candidate**. Only work carried out in the candidate's country of origin will be considered. Only complete application files received at either of the following addresses before **June 21st 2013** will be submitted to the Scientific Committee:
